Position Overview

We believe that university students are the future leaders of our society and the mission to bring the Gospel to our universities is critical for the success of the New Evangelization.

Head Start is designed to give people who are accepted into the internship program a head start on their service. Candidates offer their gifts and talents to CCO for four months on an established CCO campus. CCO places a high value on each of its staff, regardless of time commitment or experience, so Head Start missionaries can expect our dedication in their leadership development.
